

Starr Insurance Companies Global Statement on Environmental, Social, and Governance (ESG)

At Starr Insurance Companies, our core business is to provide appropriate risk management and value-added solutions to clients in a responsible manner. Participating in a global economy by capitalizing on commercial opportunities in a socially conscious and sustainable way is a key challenge facing corporations today.

To meet this challenge, Starr Insurance Companies seeks to promote an overall culture of integrity and ethical values by working in partnership with our global networks of employees, clients, and communities. Starr strives to influence and drive meaningful and sustainable progress globally all while achieving its business objectives utilizing sound governance principles.
